Authorization and Release

To the best of my knowledge, the questions on this form have been accurately answered. I authorize the dentist to release any information including the diagnosis and the records of any treatment or examination rendered to my child during the period of such dental care to third party payers and/or other health practitioners.

As a courtesy to you, we will bill your primary insurance company although they may pay less than the actual bill for services. If your insurance carrier does not remit payment within 30 days, the balance will be due in full from you. If the insurance company pays more than the estimated portion, we will promptly refund the credit amount to you. Please note that the parent bringing the child for dental services is legally responsible for all fees. I have read the above and fully understand and agree to these terms.
